

Pennsylvania State Representatives Visit DDC

Senator Mowery Visits DDC

Pennsylvania State Senator Harold Mowery, 31st District, and PA State Representative Bruce Smith, 92nd District, received the Defense Distribution Center (DDC) and Defense Depot Susquehanna, PA (DDSP) Command Briefs and toured the DDSP Eastern Distribution Center (EDC) on June 9, 2003 along with members of their staff.

The Representatives were particularly impressed with the dedication and support of the workforce, especially during Operation Enduring Freedom and Operation Iraqi Freedom.

"The people at DDC and DDSP are doing a fantastic job," said Senator Mowery, "and we are honored to meet them and learn more about them."

Congressman Holden Visits DDC

Tim Holden, U.S. Congressman for the 17th District of Pennsylvania, received the Defense Distribution Center (DDC) and Defense Distribution Depot Susquehanna, PA (DDSP) Command Briefs and toured the DDSP Installation and the Eastern Distribution Center (EDC) August 15, 2003. "The amount of work being done by DDC around the world is

impressive," Congressman Holden said. "I am especially proud of the 2,700 folks from Central Pennsylvania doing such a fantastic job supporting our armed forces."

Joined by his District Director, Tim Smith, this was Congressman Holden's first visit to DDC as redistricting had only recently added the installation to his district.
